Insurance/Payment Financial Responsibilities

Dr. Kirkland is an out-of-network provider for all insurance plans and does **not** accept assignment or take co-pays for your visits. Your insurance plan may pay some or none of the fee for your visits. We recommend you check with your insurance provider to see what out of network benefits are available to you.

Your insurance plan is a contract between you and the insurance company. It does not directly involve the doctor providing your service. Disputes about your claim must be resolved between you and your carrier and does **not** affect your responsibility for the bill.

You can request a receipt detailing your visit to send into your insurance provider for reimbursement. This does **not** alter your responsibility for the bill.

We accept Visa, Master Card, American Express, cash or check as payment. ***Payment in full is expected at the time of service.*** If you have issues paying your bill please discuss this with us. Any outstanding balances must be paid within 30 days of the date of service. Should your balance remain unpaid greater than 90 days your account may be turned over to a collections agency and you may be discharged from the practice.

Court costs and attorney fees will not be filed with insurance and is the patient's responsibility.

I have read the information above and understand that my insurance is a contract between myself (or responsible party if under 18 years of age) and the insurer. I accept responsibility for payment of services by Dr. Kirkland.
